

In response to the COVID-19 virus and in an effort to open our facility as safely and responsible as possible, we are complying with all CDC guidelines. Here are some of the things we are doing to make your visit as safe as possible:

*We are restricting our guest count to 50% of our capacity.

We ask that all guests respect a proper physical distance staying, 6 ft from anyone not in your group.

*Some seating will be removed to aid in physical distancing.

*Cash free methods of payment are available and encouraged.

*Signage will be hung, reinforcing proper hygiene and social distancing reminders.

*Sanitizer stations are located throughout the facility.

*We have used and will continue to use Hospital grade disinfectant when sanitizing.

*All high usage areas will be sanitized frequently.

*All shared equipment, including radios, phones, computers, payment terminals and kitchen equipment will be sanitized after every use.

*All party rooms will be thoroughly cleaned and sanitized after each party.

*All water fountain stations will be temporarily closed.

*All state and federal guidelines regarding masks for employees will be followed.

*Temperature checks will be required for employees before coming into work and again when arriving to work. Any employee with a temperature higher than 100.4 will not be permitted to work.

*Employees will be required to complete wellness and safety training prior to returning to work. Training will include OSHA and CDC requirements.

*Associates with exposure or symptoms of COVID-19 will be required to stay home and follow isolation protocols.

*All employees are required to stay home if they are feeling ill.

We look forward to seeing all of our families again soon!
